Component Integration Tests

@stevenwu / stevenwu

Unit Tests

```javascript
// create the component
let component = this.subject({ colour: 'red' });
this.render();
Ember.run(function() {
  component.set('colour', 'green');
});

assert.equal(this.$().find('.color').text(),
'red');
```

Unit Tests

```
{{a-talk title='Component Integration Tests'}}
```

Integration Tests

```
ember install ember-cli-htmlbars-inline-precompile
```

Integration Tests

```
import { moduleForComponent, test } from
'ember-qunit';
import hbs from 'htmlbars-inline-precompile';

moduleForComponent('a-song', 'Integration |
Component | a song', {
  integration: true
});
```
